

ABOUT

Intuitive Thinking

PBX Advisors is a London based risk advisory company that is able to operate on a global basis, managing integrity, reputation and security risk requirements for Individuals and Organisations. We offer a highly specialist service that is discreet, personable, and versatile.

Personal Approach

PBX Advisors is the focal point of contact to Individuals and Businesses for all security requirements. We draw on our elite network of specialist advisors that have experience across both public and private sectors. We are able to assess and evaluate security aspects for personal, physical, technology and process driven environments.

Integral Facilitator

PBX offers a professional Agent and Advisory service to facilitate business on behalf of clients, effectively providing a trusted and intelligent customer capability for our clients. PBX gives you the utmost in specialist consultancy and advice.

BACKGROUND

PBX Advisors has grown out of skills experience and unrivalled training from the United Kingdom Special Forces. We operate with the highest of integrity and transparency and pride ourselves in gaining a true understanding of our clients and their needs. Using our business understanding and broad thinking approach we advise, manage and deliver.

Central to all PBX engagements is establishing a trusted relationship where we are able to tailor our services to the specific requirements of our clients.

Safety, Security and Privacy of our clients is taken extremely seriously and we never divulge details of exact works undertaken. We have the depth of experience, skill and expertise gained from our specialist areas and client portfolio. Work to date spans;

- Discrete Close Protection (Corporate and High Net Worth individuals and families)
- Comprehensive review and creation of a new security program for one of the most successful Football Clubs in the English Premier League
- Corporate Consultancy to in house teams
- Discrete operations and delivery in conjunction with Government Agencies
- Training and Awareness programmes
- Security process and procedure evaluation and implementation
- Evaluation and assurance of secure technology systems
- Implementation of secure systems
- Anti Piracy and Maritime Counter Terrorism
- Specialist Maritime Security Consultancy
- Super Yacht Protection and Training
